

## Make Your Summer Sizzle with High Touch High Tech!

### Bubbly-ology©

Learn about the electromagnetic spectrum with our Bubble BIV experiment. Build a bubble city! Start your engines for our bubble races!

### Bugs Bugs Bugs©

Learn the difference between a bug and a spider. Examine real bugs and see for yourself how an insect really sees the world. Yummy!

### Cool Coastal Science©

Make waves, explore sand, investigate beach creatures, make your own shell imprints, and more.

### Disaster! Disaster!©

Erupt a volcano and swirl a hurricane. Find out why these events happen and what we can do to protect ourselves from these devastating disasters.

### Edible Science©

You can eat every experiment in this program! We'll make a cool molecule, gummy candy, and science soda!

### Light Fever©

Pull out your psychedelic glasses and learn all the groovy news about light and how it travels. Develop your own solar picture and make a UV bracelet.

### The Beaks Have It©

Learn about our feathered friends. Find out where birds live, how they eat, and how they build their homes. Play bird games and make a bird's nest.

### Polymer Parade©

Have FUN as we learn about mixtures, reactions, and polymers. Discover the "solutions" as we make different types of ooey-goey stuff to keep!

### Primarily Plants©

Discover how cool plants really are. Build your very own greenhouse, see a plant embryo, and get all the

### Wacky Water Workshop©

Discover how cool water really is. Make water and alcohol have a tug of war with food coloring molecules!

### Weather or Not©

Learn about weather as we take an up close and hands-on look at air pressure, changing conditions, and tornadoes.

### Zoom to the Moon©

Discover how the moon orbits the earth and how the earth and other planets orbit the sun. Discover centripetal force and make a Lunar Wheel!

# Science Made Fun!

*"The campers loved the interaction & didn't even realize they were learning. High Touch High Tech is a fantastic program for summer camps because it keeps children's minds fresh!"*

## SUMMER SCIENCE!

### No Bus, No Fuss!

Bring the wonder of science & nature to your campers this summer! Our innovative & interactive summer workshops encourage kids to explore their natural curiosity for science with our exciting programs, geared for the preschool to sixth grade student.

Scientists engage each group of campers in 45-minutes of non-stop, hands-on, FUN learning! Our scientists can accommodate as many 45-minute workshops as necessary to meet the needs of your camp.

All materials & equipment are included in this supply intensive, educational, and FUN experience. Many programs include a take-home experiment for your campers to keep!

- Price: Contact our office for pricing; program minimums may apply
- Please note a travel fee may apply
- Reservations are required
- Ask about our Summer Camp Specials!
